Dear Mary Ann:

The Memorandum of Agreement (MOA) for monitoring cultural resource sites in the 150-acre IBC area and other areas in the SUFCO Mine Permit Area has been executed by the applicable parties.

We consent to mining that would cause subsidence in the 150-acre IBC area, subject to Forest Service approval of Canyon Fuel Company's monitoring plan as required in the MOA. The monitoring plan must be approved and implemented prior to mining that would subside Site 42sv 2492.
